We occasionally open the brewery for visits. Details of Open Days will be posted to our website.

At Kissinggate we produce the most delicious handcrafted ales using the best ingredients combined with our skill and passion for replicating beers from times gone by. We are fascinated by the cultures and techniques of 'cottage' brewing which flourished throughout the late middle ages up until the early 1800's. During these times fruits, herbs and spices were used in the brewing process. We enjoy researching and using the same techniques as the brewers and brewster's of the past. Indeed we are dedicated to recreating the flavours of yesteryear for us to enjoy today.

FESTIVAL SPECIAL: Throughout the Festival period Kissinggate Ales will be available at The White Horse in Maplehurst with a 20p discount off every Kissinggate pint. Details of other participating pubs will be posted to the Kissinggate website.
